

FFAS 2018 Thursday March 1st-Sunday March 4th Hilton Riverside, NOLA

Topics and speakers subject to change

TRACK 1 Surgical Procedures

Thursday, March 1, 2018

Live Surgery will take place with pauses for patient changes and breaks. There will be discussion and opportunity for audience questions to be addressed via moderators and expert panelists.

Procedures in Consideration: Facelift, Brow Lift, Rhinoplasty, Cheek and/or Chin Implant, Otoplasty, Blepharoplasty (open and TC) Selection of procedure depends on Patient availability.

During times of patient and room change various panels will occur discussing surgical techniques on different procedures and areas.
