

FFAS 2018 Thursday March 1st to Sunday March 4th Hilton Riverside, NOLA

Topics Subject to change

Track 2 Non-Surgical Procedures

THURSDAY MARCH 1, 2018 (A partial listing only)

6:30–8:00 CME VIDEOS – INJECTABLES

INJECTABLE FILLERS

History and Basics

Facial Anatomy for Fillers

Injectable Safety and Complications

Cutting Edge Techniques- Microchannel drug delivery etc.

Future of Fillers

FOREHEAD – BROWS – TEMPLES

Correction of hollow temples

Enhancing the Brow

Microblading- What the heck is that anyway?

Contouring the Forehead

Optimal softening of vertical glabellar lines – beyond injectables

Common Mistakes in the upper face

Panel - When to give up and go to the knife!

EYELIDS AND PERIORBITAL REGION

Hollow upper eyelid sulcus

Options for tear trough and suborbital enhancement

Neuromodulators and the orbicularis oculi

Periorbital Fillers good or great?

Fat grafting (pros/cons)

Non-surgical Periocular rejuvenation: toxins, fillers, energy devices

PANEL Periorbital- Non-surgical vs. surgical

TECHNOLOGY – CERVICOFACIAL SKIN TIGHTENING

Radiofrequency microneedling – My experience with over 1000 cases

Keys to Achieving success in Sub Dermal energy based procedures

HIFU

Bipolar RF

Monopolar RF

LIVE FILLER INJECTION DEMONSTRATION

FRIDAY MARCH 2, 2018 (A partial listing only)

6:30–8:00 CME VIDEOS – TECHNOLOGY

NEUROMODULATORS

History, Basics and Safety

How I Position the different products in my practice

Adjusting Brow Position with Neuromodulators

Neuromodulators for the Lower Face and Neck

Complications of Neuromodulators and How to Handle Them

Future of Neuromodulators

NOSE – MIDFACE – MELOLABIAL FOLD

G prime, X strain, volume used, location of placement, cannulas, complications

Non-Surgical Rhinoplasty: Beyond the Basics

Injectable fillers for the midface- which ones and where

Assessing and Planning for the Midface

Male vs Female Midface Choices

Cannulas vs. Needles – maybe two opposing points of view

PLLA Biostimulator: Current Concepts and Technique

What is wrong with our Aesthetic Approach to Facial Volumizing? A judgment to the Hollywood Legacy

LOWER FACE AND PRE-JOWL AREA

Marionette fold

Pre-jowl bony deficit and Chin Augmentation

PORL folds- Parentheses etc

Buccal fat and the mandibular septum

The Next Big Thing: “Nanofat”

Shaping the Jawline with Fillers and Neurotoxins

The global approach to non-surgical rejuvenation: process not procedure

TECHNOLOGY – GENERAL

How I Evaluate new technology Panel

Ocular Complications of Lasers and Technology

Combining energy based devices with conventional procedures...Hybrid Procedures

Adjunctive energy based tissue contouring/tightening during facelift

LIVE INJECTION DEMONSTRATION

SATURDAY MARCH 3, 2018 (A partial listing only)

6:30–8:00 CME VIDEOS – INJECTABLES

TECHNOLOGY – LASER SKIN REJUVENATION

Non- Ablative laser resurfacing

Ablative fractional resurfacing

Dual modality laser skin rejuvenation- David Holcomb, MD

Vascular lasers

Tattoo removal

Whats up and coming in Energy Based Technology

LIPS AND CHIN

HA particle size and hydrophilicity, volumes used

Lip Fillers for Natural Results

Neuromodulator (upper lip, lip asymmetry, DAO, peau d'orange chin)

Microdroplet silicone injection

Tips for correcting lip asymmetry

Artistic 3-D Sculpting with Neurotoxins and HA Fillers

How I do it- the Consultation- Female, Male, Millenials etc

NON-LASER SKIN REJUVENATION

Light and medium chemical peels

Deep Chemical Peeling (Phenol-Croton Oil)

What's new in Energy Based Devices: Cold Helium Plasma for Facial and Skin Rejuvenation.

Challenges of facial Dyspigmentation

Phototherapy for facial rejuvenation

Microneedling

NECK

Deoxycholate basics and safety

Deoxycholate vs technology (Laser Liposuction/Cryolipolysis) for reducing submental fullness

Off label uses for Deoxycholate

Combining of Hyaluronic Acids and Deoxycholate

LIVE DEOXYCHOLATE INJECTION DEMONSTRATION

SUNDAY MARCH 4, 2018 (A partial listing only)

7:00–8:00 CME VIDEOS – SURGERY/ NON SURGICAL

COMPLICATIONS- Non- Surgical Procedures

Complications of Illegal fillers

Vascular complications of fillers

Neuromodulator complication

Avoiding and managing complications of laser skin resurfacing

Liability Prevention in A Cosmetic Practice

COMPLICATIONS- Surgical Procedures

Complications of Chemical Peeling

Principles and Management of Lower Eyelid Retraction/Ectropion Following Blepharoplasty

Complications of Blepharoplasty

Complications of Browlifting

Multimodal approach to Acne Scarring

Complications of Facelifting

Panel – The Most Challenging Cosmetic Complication I Have Seen

12:00 End of Day/Meeting
